FAIR SUPPLY ON HAND TODAY

SEINERS AND DRAGGERS GAVE LOCAL MARKET FAIR AMOUNT OF FISH.

Local dealers had a fair supply of fresh fish this morning and last night, incoming seiners and draggers landing several good trips of fish. The seining fleet did fairly well yesterday, and some of them brought their trips to port, taking out a portion of their fares and the rest at Boston. Two of the off-shore draggers brought fares for the General Seafoods Corporation during the night. Gill netters averaged around 2000 pounds a boat yesterday.

Literally "alive" with mackerel of the blink variety, the "Back Shore", from Eastern Point breakwater to Thacher's Island, was the harvest ground yesterday, afternoon for the local seining fleet and at 6 o'clock last night, an even million pounds of mackerel which had been brought to port, were waiting for men to discharge them.

Even inside of the breakwater some of the smaller boats seined their fish, and spectators from the shore watched the proceedings with interest. The fares ran anywhere from 12,000 pounds brought in by the Maine boat Reliance, to 100,000 pounds landed by several others of the fleet.

Beats Record.

Boat Capt. Drum, one of the local Italian seiners, beat the remarkable time made in obtaining a trip of mack-

erel established a few days ago by Boat Bethulia which seined a load off of Boston light. Yesterday the Capt. Drum arrived in port at 2 o'clock with 25,000 pounds of blink mackerel, and discharged her fare shortly before 5 o'clock. A few minutes later the boat left the harbor, got as far as the breakwater and set her seines around another bunch of fish. At 6.15 o'clock she was back with 15,000 pounds of mackerel and "rarin' to go" for her third trip, but was unable to discharge her fish in time to make it.

Landed Two Fares.

Capt. Harry Clattenburg in the Col. Lindbergh landed two fares of fresh mackerel yesterday, bringing in a total of 55,000 pounds of fish within a few hours.

The Lindbergh took out 15,000 pounds of fish at Frank F. Smith's late in the forenoon, went outside to Norman's Woe and made a set around a school and was back again before dark with 40,000 pounds more.

SEINERS TO BE SHOWN IN MOVIES

Efforts are being made today by the Pathe movie news reel to take the mackerel seiners in action. This morning, Timothy H. Harrigan, manager of the Western Union Telegraph Company, was advised that two camera men were being sent here for this purpose.

Manager Harrigan took up the matter with Manager Hart of the Chamber of Commerce and arrangements were made with Commander Eugene A. Coffin of Section Base 7, U. S. Coast Guard, to have a 75-foot patrol placed at the disposal of the camera men.

The Coastguard boat will take out the men in an effort to locate a seiner or seiners catching mackerel off the back shore or around Thacher's.
